Dear Mr. Leggett;

I am a resident of Leisure World and writing in regard to the proposed ambulance transport fee.

After reviewing both the information about the fee posted on the Montgomery County website, speaking personally with Assistant Chief, Scott Graham, MCFRS, and reading the information that has been put forth by the groups that are opposing the proposed fee; I would like to express my strong support of the proposed fee and do hope that the Council's action (or lack thereof) will not deter you in continuing to pursue passage of the fee proposal.

I am aware that residents of Leisure World have expressed opposition to the proposed fee to members of the County Council; however, I feel that the residents have not received adequate correct information about the proposed fee and are voicing their opposition based on the politically biased information that those opposed to the fee are very effectively providing to LW residents.

Sincerely,

Linda Wacha
